

**Travelling north on the A6 from Luton and the Clophill A507 junction**

Follow the A6 from the Clophill roundabout at the junction of the A507 Ampthill to Shefford road and head towards Bedford.

The road climbs up hill turning into a dual carriage-way. Stay on the road until the crest of the hill and after passing the garage on your right take the next right turn towards Haynes Silver End. After 200 yards as the road turns sharply right take the track on the left-hand side and follow this round, past the house to a large black bard. Turn left down this track and follow this to the farm buildings. (We are in the building with the cars out front, not the tractors!)

**Travelling south on the A6 from the A421 (Milton Keynes to Cambridge road)**

We are based about 3 miles south of the junction of the A6 and the A421, just after signs for Silsoe and just before you climb the hill. As the road turns into dual-carriageway stay in the left-hand lane and after 150 metres or so turn left and follow the track round to the farm buildings. (We are in the building with the cars out front, not the tractors!)
